

British Society for  
Paediatric Endocrinology  
and Diabetes

BSPED September 2025

**BSPED 2025**

**Wednesday 12 - Friday 14 November 2025**

Cutler's Hall, Sheffield

52nd ANNUAL MEETING

## What to expect at the BSPED Annual Conference!

Join us in Sheffield from 12-14 November to hear new updates in paediatric endocrinology and diabetes and connect with others in the field.

### Diabetes focused sessions include:

- Psychological aspects of T2D
- Advances in the diagnosis and management of rare diabetes (as part of CME day)
- Current and future pharmacological therapy in weight management
- Genetic Screening for Type 1 Diabetes and Primary Prevention Studies from GPADD
- Early detection of type 1 diabetes: staging and monitoring - a national approach and update

### Endocrinology focused sessions include:

- Innovations in the screening and diagnosis of adrenal insufficiency
- Artificial Intelligence: Reimagining Growth and Pituitary Management
- Living with hypothalamic obesity – our story (patient perspective)
- Talking to Children about Gender Identity and Sex Development (as part of CME day)
- The use of GLP1 medication in nurse led clinics

Know someone who would benefit from attending?

Please share this invitation with fellow healthcare professionals who may be interested in advancing their knowledge in diabetes and endocrinology.

## News from the BSPED Office

### **Call for Committee and SIG Positions**

#### **Coordinator of The Disorders of Sex Development (DSD) Special Interest Group**

The DSD SIG is seeking a replacement Chair as Zainaba Mohammed will soon be stepping down from her position due to the end of term.

SIG coordinators should hold office for a period of three years and more information about the SIG can be found here. <https://www.bsped.org.uk/clinical-resources/special-interest-groups/>

All applications will be reviewed by the members of the Executive Committee and Chair of the Clinical Committee.

Applicants should send their CV, together with a max 200 word covering letter supporting their suitability for the position. All applications should be submitted by email to [bsped@endocrinology.org](mailto:bsped@endocrinology.org) by **31 October 2025**.

---

### **Endocrine Nurse Officer on the Clinical Committee**

We are looking for a new Paediatric Endocrine Nurse Officer to join our Clinical Committee from asap, as Christine Desmond is stepping down.

If you'd like to represent paediatric endocrine nurses in the Clinical Committee's important work and be involved in the development of guidelines and clinical resources, we'd love to hear from you.

Applications will be reviewed and the successful candidate selected by the Executive Committee and Clinical Committee Chair.

For more information, please see the role profile

Applicants should send their CV, together with a max 200 word covering letter supporting their suitability for the position. All applications should be submitted by email to [bsped@endocrinology.org](mailto:bsped@endocrinology.org) by **31 October 2025**.

---

### **New BSPED Endorsement Policy**

The BSPED is regularly approached to approve or endorse a wide range of activities and publications from individuals or organisations and has therefore developed a clear policy for all to follow. This policy outlines our principles and procedures in relation to such requests to ensure clarity, transparency, and appropriate governance. The policy covers the endorsement of projects such as education/research/surveys and events and well as general promotion of activities.

Please [review the policy](#) and make sure you submit in plenty of time before your project. The Clinical Committee always indicates in their section of the newsletter when you need to submit to meet their deadline for review.

---

### **Launch of online BSPED GH audit tool**

We are pleased to announce the launch of the online BSPED GH audit tool. The tool will allow centres to enter patients who are starting GH therapy.

This will hopefully allow each centre to audit their performance and benchmark against national standards and performance. The tool will also be used as part of the BSPED peer performance. Please nominate a member of your team who will be responsible for completing the audit returns, so that we can provide access/login details for the online audit tool.

For further details please contact Guftar Shaikh [guftar.shaikh2@nhs.scot](mailto:guftar.shaikh2@nhs.scot) (Peer Review/Audit Officer).

---

### **Membership prices frozen in 2025**

Despite rising costs, BSPED have decided not to increase membership fees in 2025, with the aim to keep fees as affordable and accessible as possible for our members. Therefore, we can confirm your membership fees for 2025 have remained at 2024 rates.

We're grateful to all of you for being part of our community, promoting research, education and best practice to improve the care of children and young people with endocrine disorders and diabetes mellitus.

If you'd like to automate future renewals, it's quick and easy to do so. All you need to do is log in to your [online member area](#) and set up a direct debit, or recurring card payment, under Settings > Financial. If you have any questions or feedback about your membership, please contact us at [bsped@endocrinology.org](mailto:bsped@endocrinology.org).

---

### **Virtual peer review – get involved as a reviewer**

The BSPED Peer Review process provides centres with an excellent opportunity to learn from other centres, to gain support for resource requests and to ensure that they are operating to standards. As a peer reviewer, you also gain experience, ideas and an insight into service management at other centres.

BSPED runs a [virtual peer review process](#), saving time for all involved.

**We are looking for individuals to help with the review process**, including nurses and DGH paediatricians, as well as tertiary consultants. If you would like to be a peer reviewer, please get in touch and we will match you with a centre and date that works for you.

**We also encourage GRID trainees to get involved with the reviewing process** – supporting the lead clinician with note taking and documentation to build up experience. Please encourage your new GRID trainees to consider this as a development opportunity.

Thank you to all involved in the Newcastle and Alder Hey reviews earlier this year. Bristol, King's, Chelsea & Westminster and Glasgow are being booked in for the rest of 2025 and 2026. We will be in touch with centres who are due their next review and welcome proactive contact from centres.

We will be adding summary reports from the peer reviews to the members-only area of the BSPED website to help centres learn from each other.

Further details of the review process and what it entails can be provided.

Please get in touch with Peer Review Officer **Dr Guftar Shaikh** on [guftar.shaikh2@nhs.scot](mailto:guftar.shaikh2@nhs.scot)

---

**Medical colleagues** – if the nurses working with you do not receive this newsletter, please encourage them to join the BSPED, and contact the BSPED nurse representatives for further information: Peter Laing [peter.laing@alderhey.nhs.uk](mailto:peter.laing@alderhey.nhs.uk) and Karen Thompson [karen.thompson@belfasttrust@hscni.net](mailto:karen.thompson@belfasttrust@hscni.net)

---

## Make the most of your membership benefits

The BSPED is an official endorsing society of the journal [Endocrinology, Diabetes & Metabolism Case Reports](#) (EDMCR). EDMCR is a unique, open access resource that publishes and links together case reports, enabling practitioners to communicate findings, share knowledge and convey medical experiences efficiently and effectively; furthering both medical education and clinical practice.

Endocrinology,  
Diabetes & Metabolism  
**CASE REPORTS**

Members of BSPED receive a 25% discount on the Article Publication Charge (APC) when their paper is accepted for publication in *EDM Case Reports*.

---

## Help us keep in touch

As the BSPED communicates with members by email, please ensure that you notify the BSPED Office if your email address changes at [bsped@endocrinology.org](mailto:bsped@endocrinology.org).

---

## Trainee Update

### COURSES AND EVENTS:

#### BSPED CME Day, 12<sup>th</sup> November, Sheffield

The BSPED Continuing Medical Education (CME) day is being held on Wednesday 12<sup>th</sup> November in Sheffield. This day will include educational sessions on a range of endocrinology and diabetes topics. Registration is currently open and a limited number of Conference Attendance Grants are available for trainees who are presenting abstracts (deadline 8<sup>th</sup> October). A trainee dinner will be held on Wednesday 13<sup>th</sup> November, with more details to follow.

[Registration | BSPED](#)

---

#### VPET (Virtual Paediatric Endocrine Teaching)

Previous VPET sessions have been added to the BSPED website members area and are now available on demand. VPET relies on trainees and consultants to deliver valuable teaching sessions. Please email [vpet.trainees@gmail.com](mailto:vpet.trainees@gmail.com) to sign up to deliver a session (providing your name, topic and facilitating Consultant (if delivered by a trainee)) or if you would like to be added to the mailing list.

---

## **DSD Special Interest Group (DSD SIG)**

Trainees are invited to attend DSD SIG meetings. For queries regarding participation and opportunities for case presentations, trainees can contact Dr Nadia Amin ([nadia.amin3@nhs.net](mailto:nadia.amin3@nhs.net)) or Dr Zainab Mohamed ([zainaba.mohamed@nhs.net](mailto:zainaba.mohamed@nhs.net)).

---

## **London School of Paediatric Training day on Paediatric Endocrinology (Virtual): Thursday 6 November 2025 9:00am to 5:00pm (BST) Online**

Sessions are led by a blend of generalists and subspecialists, ensuring you get a well-rounded, practical perspective on endocrine conditions. Interactive quizzes and case discussions will help you master the nuances of diagnosis and management.

### **Why Attend?**

- Explore a broad range of common and rare paediatric endocrine conditions, with up-to-date background knowledge and the latest clinical advances.
- Learn how to approach, investigate, manage, and refer new endocrine presentations with confidence.
- Benefit from teaching by both generalists and leading specialists in paediatric endocrinology.
- Participate in case-based discussions and knowledge quizzes to reinforce learning and clinical decision-making.
- Gain the skills and confidence needed to diagnose, manage, and refer endocrine disorders encountered in everyday paediatric practice.

[Secure your spot today](#)

---

## **ACDC is hosting the 2025 Trainees Day (Virtual) on the 30th Sept 2025**

ACDC Trainees Day will be held via MS Teams, free of charge. The programme is registered for RCPCH CPD accreditation.

Register to book your place via the Eventbrite link below. The agenda for the event is TBC, this will be available on the website once confirmed. Full programme to follow

<https://www.a-c-d-c.org/forthcoming-acdc-meetings>

[Book your space](#)

---

## **Annual Update in Paediatric and Adolescent Gynecology (BritSPAG), Bristol, 2026, 9-10<sup>th</sup> March 2026**

The BritSPAG event will provide an overview of the current PAG landscape, common to complex PAG conditions and PAG patient engagement in a varied programme of lectures and peer discussion.

Call for abstracts Deadline 10<sup>th</sup> Dec 2025

Early bird rates available until 10<sup>th</sup> Dec 2025.

---

## **ANNOUNCEMENTS:**

### **Trainee representatives for regional diabetes networks needed**

All Regional Diabetes Networks, as part of the National Children & Young People's Diabetes Network, are seeking trainee representatives. If you are interested in applying for one of these roles, please contact the Network Manager of your regional network. Emails for all Network Managers can be found via: [NCYPD Network](#).

In addition, trainees are encouraged to join their regional networks during training as a useful learning opportunity. Please discuss with your supervisor or email your regional network manager to ask to be added to the regional circulation list.

---

### **Trainee involvement in Peer Review Process**

The BSPED's national Peer Review programme started in 2011 and is seeking interested trainees to get involved with the reviewing process, supporting the lead clinician with note taking and documentation. This would provide an excellent learning opportunity and is open to any interested trainees from around the country, not limited to areas which are due a peer review. If interested, please find further information here ([BSPED | Peer Review](#)) and contact Peer Review Officer Dr Guftar Shaikh ([Guftar.Shaikh2@nhs.scot](mailto:Guftar.Shaikh2@nhs.scot))

---

### **Upcoming substantive job vacancy: Consultant in Paediatric Endocrinology and Diabetes Birmingham Women's and Children's NHS Foundation Trust**

BWCH NHS Foundation Trust will shortly be advertising a 10PA substantive Consultant post in Paediatric Endocrinology and Diabetes as a replacement role.

This post offers an excellent opportunity to further develop expertise in the specialty. An interest or training in metabolic bone disease or rare diabetes is desirable. The role comprises 10 Programmed Activities (including 2 SPA), with a 1 in 5.5 on-call commitment for endocrinology and diabetes.

Eligibility:

- Full GMC registration
- MRCPCH (or equivalent)
- Entry on GMC Specialist Register via CCST (CCT date within 6 months of interview) or Portfolio Pathway (CESR) at the time of application.

Applications will be through NHS Jobs, with the advert to be released shortly. Interested candidates are advised to contact clinical team members - Dr [Vrinda.Saraff@nhs.net](mailto:Vrinda.Saraff@nhs.net) / Dr [Zainaba.mohamed@nhs.net](mailto:Zainaba.mohamed@nhs.net) or via BWCH switchboard - 01213339999.

**Tentative Interview date: 17th October 2025**

---

### **BSPED website updates**

The training and development section of the BSPED website has recently been updated, with information on the Paediatric Endocrinology and Diabetes subspecialty training pathway.

---

## **BSPED Trainee Mailing List**

We send regular email updates on courses, job opportunities and information on training to trainees who are on our mailing list. Please email [bspedtrainerep@gmail.com](mailto:bspedtrainerep@gmail.com) for further details of how to join or if you have feedback on any training issues.

### **CSAC Diabetes and Endocrine Trainee Representatives:**

Katherine Hawton

Salma Ali

Helen Couch

---

## **News from the Clinical Committee**

### **Updated Patient Leaflets**

We have recently updated two patient leaflets which can be found on the website. Please refer to these updated versions when discussing with patients and families.

[Pros and Cons of Growth Hormone Therapy](#) and noting the change in name of Diabetes Insipidus to [Arginine Vasopressin Deficiency](#).

---

### **NICE Guidelines**

The Clinical Committee has submitted comments on the following NICE consultations in the recent months and will keep you informed of the outcomes:

- Overweight and obesity management guideline
  - Semaglutide for overweight and obesity
  - Scoping Workshop and Consultation Invitation (All C&C): Achondroplasia (4 months and over) - vosoritide
- 

### **Patient information resources**

A reminder that the BSPED has produced a suite of patient information leaflets covering a number of conditions and designed to give general information about a patient's condition and treatment. To access these leaflets for your patients, as well as the BSPED Adrenal Insufficiency Card, please visit the [Patient Information section of our website](#).

You can also find links to relevant [patient resources](#), such as patient support groups on our website.

Meanwhile, [www.explain.me.uk](http://www.explain.me.uk) was developed as part of a project to improve communication between young people, their parents/carers and healthcare professionals in endocrine clinics. The website is looked after by BSPED. [We'd love to know how you use this with your patients.](#)

---

## Translations of Adrenal Insufficiency Steroid Card

With thanks to our members and their colleagues, we now have the following translations available for the BSPED Adrenal Insufficiency Card:

### **++NEW Mandarin ++**

[Slovakian](#)

[Arabic](#)

[Greek](#)

[Polish](#)

[Romanian](#)

[Turkish](#)

[Urdu](#)

CAN YOU HELP? So far, we have translators for the following languages but we are seeking reviewers for these:

- **French**

**Please note that you do not need to be a BSPED member to assist with translations.**

If you are fluent in another language (or already have a translation within your trust) and could help us build our suite of translated cards, please get in touch with [Christine Desmond](#) who is coordinating this project. We would like to find two members for each language so that one can translate the card and the other check/review the translation.

[All translated cards will be available on the BSPED website,](#) once reviewed and approved.

---

## Use of and comments regarding guidelines

BSPED guidelines have been commissioned and endorsed by the BSPED and reflect the Society's views on best practice for the majority of patients with that condition. However, each patient should be considered as an individual in the context of their condition and other medication and therefore the readers' discretion is required in the application of their use. Every effort has been made to ensure the

factual accuracy of the contents but no liability can be accepted for any litigation, claims or complaints arising from the use of the guidelines.

If you have a query or comment, or would like to raise a concern regarding a BSPED guideline or any guideline on our website, please contact the [BSPED Office](#) who will ensure your message is passed to the BSPED Clinical Guidelines Officer and Clinical Committee.

---

### Including your survey in the newsletter

If you would like to include a survey in a BSPED newsletter to encourage responses from BSPED members, it must first be reviewed by the BSPED Clinical Committee.

- Your survey should be reviewed by the Clinical Committee at a stage where it can still be amended and before it is circulated elsewhere.
- The Clinical Committee meets four times per year and the deadlines for submission of agenda items are published in the newsletter.
- Your survey should be submitted to [the BSPED Office](#), in Word format.
- The introduction to the survey should explain its purpose and the closure date of the survey.
- The survey will either be approved for inclusion in the newsletter as it is, or feedback will be provided to the author.
- Survey owners should agree to report their findings back to the Clinical Committee 6 months after the survey closes.
- The BSPED should be acknowledged in any output (guidelines, publications, presentations, etc.) resulting from the survey and the BSPED Office informed of the output.

[Deadline for submissions to the Clinical Committee for consideration: 10 November 2025](#)

---

### Process for endorsement and development of clinical guidelines and standards

The BSPED Clinical Committee is committed to supporting its members in creating robust, evidence-based guidelines. The Committee is not resourced to independently develop national clinical guidelines, but will serve as a key stakeholder in guideline development relevant to paediatric diabetes and endocrinology and will take responsibility for endorsing guidelines produced by other organisations. **In order for a standard or guideline to be endorsed by the BSPED, the procedure set out on our website must be followed.** This involves the early involvement of the Clinical Committee in the development of the document. [The Endorsement Process is available on our website.](#)

[Deadline for submissions to the Clinical Committee for consideration: 10 November 2025](#)

## Announcements

**Job Opportunity: Consultant in Children and Young People's Diabetes and Endocrinology**

The University College London Hospital (UCLH) are looking for a Consultant to join their Paediatric Endocrinology team. The Children and Young People's Diabetes Service is well established and is one of the largest in the UK, using the latest diabetes technologies including hybrid closed loop insulin delivery systems. The service provides intensive support for young people struggling with their diabetes.

They are seeking applicants with a holistic, team-working perspective who is driven to work in a high performing team and strives to continually improve care.

**Do you or someone you know have the capabilities to thrive in this role?** [Find out more and apply on the UCLH website.](#)

---

### **Shape the Future of Paediatric Bone Health with the ESPE Bone Academy**

The European Society for Paediatric Endocrinology (ESPE) are excited to announce the launch of the **ESPE Bone Academy** - a specialised, long-term education programme designed to meet the growing need for expertise in paediatric bone health.

**Aimed at mid-career and senior physicians**, the Academy offers a unique opportunity to deepen knowledge in diagnosing, treating, and managing rare and complex bone conditions in children and adolescents.

The two-year programme combines in-person and online learning, starting with a **1.5-day meeting in Paris on 24–25 February 2026**, followed by a **series of webinars from March 2026**. With 14 modules covering clinical skills, scientific insights, and practical strategies, participants will be empowered to lead in clinical practice, research, and multidisciplinary collaboration.

**Places are limited** – [find out more and apply now](#) to be part of this prestigious initiative and **help shape the future of paediatric bone health.**

---

## Meetings and courses

### **Growth Disorders 2025: Current Challenges, Solutions, and Recommendations 30 April to 31 October 2025**

The independent Medical Communications Agency, MedEA will organise a package of educational events in 2025 entitled Continuing Medical Education (CME) Activities Tackling Identified Learning Needs in Growth Disorders. These activities have been endorsed by the BSPED and will be CME accredited. For more information click [here](#).

---

**VPEG (Online)**  
**16 October 2025 2-4pm**

British Society for  
Paediatric Endocrinology  
and Diabetes

This BSPED meeting is designed for consultants delivering paediatric endocrine care (tertiary or special interest) to meet and share learning with each other from interesting endocrine cases. It is expected that primarily consultants will attend the meeting and do the case presentations - PGDIT can present with the presence and support of their consultant.

Please register to attend [via Zoom](#). After registering, you will receive a confirmation email containing information about joining the meeting and please add the event to your calendars as a reminder!

If your team are interested in presenting a case please get in touch with Renuka Dias ([r.dias.1@bham.ac.uk](mailto:r.dias.1@bham.ac.uk)) with email header VPEG. We are looking for at least 3 cases per date.

---

**Successful Pioneers**  
**The Jubilee Conference Centre, Nottingham**  
**18 October 2025**

Success Charity is excited to announce that tickets are now available for their Autumn Roadshow on Saturday, 18 October 2025 at the Jubilee Conference Centre, Nottingham.

This special event brings together survivors of childhood and young adult brain tumours, their families, and leading clinical experts for a full day focused on life after treatment. Expect a programme of expert talks, practical workshops, and opportunities to share experiences with others who truly understand the journey.

[Find out more and register your spot](#)

---

**11<sup>th</sup> Congress of the European Academy of  
Paediatric Societies (EAPS 2025), Lisbon**  
**18-20 October 2025**

EAPS 2025 promises to be an innovative and dynamic gathering, showcasing the latest advancements in paediatrics. While the congress may be a few months away, we are already [accepting abstracts](#) and registration is about to open soon.

---

**Preserve and Protect beta cell function in Type 1  
Diabetes: A Joint YDEF/Paediatric Training Day**  
**Birmingham**  
**21 October 2025**

**UK T1D**  
Research Consortium

Moving towards  
insulin-free T1D

Colin Dayan along with colleagues are organising a trainees (adults and paed) day on “**Preserve and Protect beta cell function in Type 1 Diabetes**” on 21 October 2025. This will be around screening, monitoring and disease modifying treatment of pre-T1D. This is a rapidly evolving area with several initiatives across not just the UK but Europe as well. It will be free for trainees to attend. For more information contact Colin Dayan via email: [DayanCM@cardiff.ac.uk](mailto:DayanCM@cardiff.ac.uk).

[Register today](#)

---

**EXTOD Two-Day HCP Conference**  
**Liverpool**  
**24 – 25 November 2025**

EXTOD Healthcare Professionals National Conference will be delivered by EXTOD and organised by SBK Healthcare. This unique forum will equip Diabetologists, Diabetes Specialist Nurses, Dietitians and Paediatricians with the knowledge, inspiration, and practical understanding of how to support Type 1 patients to undertake safe and effective exercise. Find out more about the [HCP Conference](#).

---

**Obesity Update 2025**  
**Nottingham**  
**1 December 2025**

Join SfE on 1 December 2025 at the Crowne Plaza, Nottingham for Obesity Update 2025. This event will keep you at the cutting edge of the latest research and practice in the field and enable you to share insight with peers to improve clinical practice.

[Find out more and register online](#)

---

**Reproductive Endocrinology 2025**  
**London**  
**3 December 2025**

Reproductive Endocrinology takes place on 3 December 2025 at Cavendish Conference Centre, London. Sold out in 2024, attend this event boost your confidence and master the management of complex reproductive endocrine disorders.

[Find out more and register online](#)

---

**Thyroid Education Day 2026**  
**Birmingham**  
**30 January 2026**

Join fellow adult and paediatric endocrinologists, thyroid surgeons, and oncologists to explore the latest advances and updated guidelines in thyroid disorder management.

**What you'll learn:**

- How to manage thyroid dysfunction effectively
- Best practices in thyroid cancer care
- How to apply the latest clinical guidelines in your practice
